220.                 <h3 class="about-header">it all started over 500 years
ago</h3><↵
221.                 <p class="about-paragraph">↵
222.                     Yemen coffee is the ancestral wild coffee beverage which
90-100% of↵
223.                     all other coffees we drink today originate from. Since its
recent↵
224.                     ability to be exported, it has become incredibly sought
after and↵
225.                     praised for being one of the best coffees in the world. <br
/><br />↵
226.                     Most agree that the original coffee plants were native to
the↵
227.                     western regions of Ethiopia. Coffee was recorded as a
beverage as↵
228.                     early as the 6th century, utilised by the Ottoman Empire.
It was in↵
229.                     Yemen, however, that these plants were finally cultivated
and↵
230.                     developed into the beans and beverage that we know today.
History↵
231.                     records Sufi monasteries on the southern tip of the
Arabian↵
232.                     Peninsula processing Yemen coffee over 500 years ago. The
Yemen↵
233.                     farmers to advantage of the unique terrain of their
country, which↵
234.                     has conditions of climate and environment which were not
considered↵
235.                     ideal growing conditions for other plants. For 200 years,
Yemen was↵
236.                     the only source of coffee. Originally the primary mode of
travel was↵
237.                     by camel, but later, this Arabic Coffee was named after the
Mokha↵
238.                     Port which is on the coast of the Red Sea, from which these
were↵
239.                     eventually shipped. By 1650, coffee became popular in
Europe,↵
240.                     spawning the beginning of coffee shop and café businesses
