     ago</h3>↵
219.             <p class="about-paragraph">↵
220.                Yemen coffee is the ancestral wild coffee beverage which 90-
     100% of↵
221.                all other coffees we drink today originate from. Since its
     recent↵
222.                ability to be exported, it has become incredibly sought
     after and↵
223.                praised for being one of the best coffees in the world. <br
     /><br />↵
224.                Most agree that the original coffee plants were native to
     the↵
225.                western regions of Ethiopia. Coffee was recorded as a
     beverage as↵
226.                early as the 6th century, utilised by the Ottoman Empire. It
     was in↵
227.                Yemen, however, that these plants were finally cultivated
     and↵
228.                developed into the beans and beverage that we know today.
     History↵
229.                records Sufi monasteries on the southern tip of the
     Arabian↵
230.                Peninsula processing Yemen coffee over 500 years ago. The
     Yemen↵
231.                farmers to advantage of the unique terrain of their country,
     which↵
232.                has conditions of climate and environment which were not
     considered↵
233.                ideal growing conditions for other plants. For 200 years,
     Yemen was↵
234.                the only source of coffee. Originally the primary mode of
     travel was↵
235.                by camel, but later, this Arabic Coffee was named after the
     Mokha↵
236.                Port which is on the coast of the Red Sea, from which these
     were↵
237.                eventually shipped. By 1650, coffee became popular in
     Europe,↵
238.                spawning the beginning of coffee shop and café businesses
     ...↵
239.                <br /><br />↵
